

HeatSmart+ Program

Funded by a U.S. Department of Energy (DOE)
Energy Efficiency and Conservation Block Grant (EECBG)

**The HeatSmart+ Program is available to residents of
Peterborough, NH and Harrisville, NH, regardless of income.**

Homeowners of a detached, single-family home in Peterborough, NH or in Harrisville, NH can receive a **\$5,000 rebate** on the installation of a **Mitsubishi Electric heating & air conditioning system** while funding lasts.

How the program works:

Funds are applied to the cost of materials. Labor is not included in the rebate. As your contractor, Bergeron Mechanical Systems will provide you a final invoice separating the cost of materials from the cost of labor for submission.

Step 1.

Choose to install your cold climate Mitsubishi Electric heating & air conditioning system with Bergeron Mechanical Systems.

Step 2.

Complete the **Connect For Cash** Form online at:

<https://peterboroughnh.civilspace.io/en/projects/for-homeowners>

- Information regarding income is requested for data tracking purposes only.
- Funds are allocated first-come, first-served.
- After completing the *Connect for Cash* intake form, your funds are held for you for up to six (6) months.

Step 3.

Complete your project.

Step 4.

Submit your reimbursement form with your final invoice indicating cost of materials. (Submit within 6 mos. of completing the intake form to ensure your funds are available.)

Step 5.

Receive your rebate for up to \$5,000 of the cost of materials!

**This rebate can be combined with Inflation Reduction Act \$2,000
federal tax credit (expiring 12/31/2025) and NH Saves rebate program!**

There's never been a better time to invest in high efficiency home comfort!
